A CITY OF HOMES

More Workingmen own their homes in Salem than in any city her size in Ohio.

TWENTY-SEVENTH YEAR No. 243. SALEM, OHIO, FRIDAY, OCTOBER 15, 1915. TWO CENTS.

SAYS HUSBAND KEPT RAZOR UNDER PILLOW

And Called Her Names, Hence Wife Wants Decree of Divorce.

TWO ARE DIVORCED

Petitions of Salem and East Liverpool Women are Granted.

Lisbon, Oct. 15.—The court refused to grant a divorce to Mrs. Luella Johnson, of Lisbon, from her husband, Simeon Johnson, on the evidence presented by her.

The Johnsons were married at Signal on November 23, 1900, and no children were born to them. Some time ago Johnson was made fireman on the P. L. & W. passenger train and they came here to live. Mrs. Johnson thought that she was entitled to a divorce because her husband called her names and slept with a razor under his pillow and told her he would kill her. She also claims that he refused to allow her relatives to visit them. Mrs. Johnson was formerly Luella Guy, of Signal.

Mrs. Eva A. Failer, Salem, was the first to present her application for a divorce when court resumed work this morning after several days adjournment and the same was granted her by Judge Moore, together with the custody of her two children, Jay, 17, and Dorothy.

On April 18, 1894, Mrs. Failer was married in New Waterford to J. F. Failer and they lived for a time in East Palestine, where the husband still resides. She accused her husband of gross neglect and failure to provide for his family and with having been willfully absent much of the time for some time before their separation.

Mrs. Elizabeth Pugh, East Liverpool, was divorced from William Pugh, who is now in West Virginia, and was given the custody of their child, Orfie. She told the court her husband was idle and dissipated and she was compelled to work and support the child. She also charged extreme cruelty.

PUTTING FURNACE IN SHAPE FOR WORK

Leetonia, Oct. 15.—Over one hundred men are now at work at the old Leetonia steel plant, endeavoring to get the old furnace in shape to make pig iron. A double shift is maintained by a portion of the men, so that much of the work goes on night and day.

During the past week two train loads of iron ore have been received and unloaded in the ore bins as fast as possible. This makes three trainloads of about 65 cars each received in the last three weeks. This portion of the work is being rushed so as to get all ore in possible before navigation closes on the Great Lakes and the winter freeze-up.

It is said that it will take up to the holidays to get all in readiness for operation.

ANTHROX IS FATAL

(By Associated Press to News.)

New York, Oct. 15.—George F. Stackpole, suffering from anthrox, died today from heart failure which resulted from the poison of the disease. He was conscious five minutes before death.

War Plea Fails, Pardon Refused

Columbus, Oct. 15.—Dr. Lamont B. Smith, Youngstown physician, will have to enlist in the Red Cross medical corps for European war service, with a penitentiary sentence hanging over his head. He was granted a parole several days ago by the board of pardons and released with authority to join the Red Cross corps, but his application for pardon, so that he might be an entirely free man, was refused. He was sentenced from Mahoning county two years ago for selling habit-forming drugs illegally.

British Lose 96,899 In The Dardanelles

(By Associated Press to News.)

London, Oct. 15.—It is officially announced today that the British casualties in the Dardanelles up to October 9 total 96,899. Of the total number, the killed numbered 18,957, of whom 1,185 were officers. Casualties of the Australian contingents totaled 29,121.

9,716 ESTIMATED CENSUS OF SALEM

Columbus, Oct. 15.—(Special)—The federal government advises the state liquor license commission that the estimated census of Salem is 9,716, which will allow that city 19 saloons.

ONCE PROSPEROUS, NOW AT INFIRMARY

Lisbon, Oct. 15.—Frank Heeman, an aged lifelong resident of Salineville, will be brought to the county infirmary this evening by County Superintendent H. C. McCamon, and in all probability will be cared for there until his death which is thought to be not far distant.

Supt. McCamon was notified this morning by the trustees of Washington township that the aged man, once thrifty and prosperous, was ill and without means or anyone to take care of him, and that the only thing to do was to give him a home and care at the county farm. The members of the family of the aged man are all dead.

GERMANS WILL HEAR CITIZENSHIP TALK

A number of German people of this city are expected to attend on Sunday, October 24, at Alliance a meeting which is being arranged by Alliance Germans, when Judge John Schwab, of Cincinnati, will deliver at the Columbia theater an address on "Citizenship." Four or five singing societies from other cities are to be present and the Alliance City band will also assist in the entertainment during the afternoon and evening.

CRIPPLED FOR LIFE, SUES STARK ELECTRIC

Canton, Oct. 15.—Earl Miller Thursday brought suit in common pleas court against the State Electric Co., claiming $6,000 as a result of injuries which he alleges he received when he was knocked from his motorcycle by a truck of the electric company.

The accident happened on September 1, the petition says. The motorcycle was damaged to the extent of $160 while Miller asserts that he sustained injuries which will cripple him for life.

PYTHIAN SISTERS END MEETING AT ALLIANCE

Mrs. Bessie Hickey, of this city, was the candidate when initiatory work was put on during the convention of the fourteenth district of Pythian Sisters at Alliance Wednesday, with about 225 members present. The work was exemplified by the Alliance temple. The invitation of the Akron lodge to meet there next year was accepted. Mrs. Rose Thomas, of Alliance, was unanimously chosen trustee of the Pythian Sisters home at Medina.

BRITISH ARE NOT SATISFIED WITH EVENTS

Gray's Speech on Balkan Situation is Not Well Received.

INTEREST IN EAST

Bulgaria Claims Neutrality Was Violated by Serbia.

(By Associated Press to News.)

London, Oct. 15.—Military operations in the near east are once more holding chief place in public interest, which, as indicated by press comment, is not entirely satisfied with plans made by the entente powers for meeting the latest offensive of their opponents. Even papers like the Manchester Guardian, which has been unswervingly loyal in support of the foreign office, express dissatisfaction with the speech in the house of commons on the Balkan situation yesterday by Gray.

Operations in the Balkans show but little change since the capture of Belgrade, except for brief forays by Serbians and Bulgarians. Defending her action in declaring war, Bulgaria claims her neutrality was violated by Serbia. Serbians are clinging desperately to the heights above Belgrade waiting for assistance of allies. Such aid is expected soon.

On the western front the British gained considerable of the ground which they subsequently lost under German shell fire.

It is officially announced here today that Serbia declared war on Bulgaria because of Bulgarians attacks on Serbian armies on the Zaitchen and Rodavitch fronts.

Greece, in a note to the British government received today, announces her definite decision not to intervene in the war on behalf of Serbia at present.

RETURN FROM STATE TEMPLAR CONCLAVE

Knights Templar and their wives returned during the day Thursday from participation in the grand conclave at Toledo, bringing back fine reports of the entertainment provided and of the part taken by the local contingent in the program of Tuesday and Wednesday.

Knights and wives of this city were joined by others from East Palestine, Alliance and Canton, with bands from Salem and Canton, and to them was given in the grand parade Wednesday afternoon second place in the third division of one of the largest Masonic pageants in years.

MURDERER'S SENTENCE COMMUTED TO 8 YEARS

Alliance, Oct. 15.—The sentence of Joe Andy, sent from Stark county to the state penitentiary two years ago to serve a life sentence for killing Joe Lee, in Alliance, was commuted Thursday to eight years and six months, by the state pardon board on condition that he stay away from this county.

Andy, when convicted and sentenced to serve a life term, claimed that he had not killed Lee, although he admitted that he had been present at the time when Lee was stabbed.

Lee was seated on the porch at the home of a young woman in Alliance at the time of the murder, officials of the sheriff's office here said Thursday. Andy who came past the house, made a remark, and Lee rebuked him in the presence of several women, it was said.

Andy challenged him to come off

BLOODY RECORD MADE BY ZEPPELIN RAIDS

(By Associated Press to News.)

Rotterdam, Oct. 15.—Four Zeppelins, believed to have participated in the London raid, were sighted homeward bound over Holland early yesterday. Dutch sentinels fired on them. One hundred shots were fired at Nispen at one which, according to reports, was crippled, but disappeared over the German frontier in great distress.

Fifty-five persons were killed and 114 injured in the Zeppelin raid over London. Fourteen of the killed and 13 of the wounded were military casualties, according to announcement.

This latest raid exceeds in the number of casualties any previous attack on the British capital. The casualties bring the total for all air raids on England up to 640, of which number 177 persons were killed, and 463 injuried.

UNCLE SAM'S LITTLE WAR IN HAITI; DEAD REBELS LYING ON GUN WHERE THEY FELL

© UNDERWOOD & UNDERWOOD

Haiti, the little negro republic in the West Indies, caught the spirit of the times and started a little war on her own account. Rebels overturned the government and captured the capital city and riot and bloodshed reigned supreme until Uncle Sam stepped in and put a stop to it. He had to kill a few of the rebels before they would recognize his might. Picture shows what happened to two of the brigands who dared to face the U. S. marines.

JURY EMPANELLED TO FIX PRICE OF SCHOOL PROPERTY

Lisbon, Oct. 15.—A jury of twelve men will be empanelled and instructed in probate court this afternoon whose duty it will be to fix the compensation to be paid by the trustees of Fairfield township for the fifteen acres of land in Fairfield township upon which the new centralized township High school is now being constructed.

The owners of the property and the trustees have never been able to agree upon the purchase price of the property, although it was agreed by all parties that the building of the school should go forward, and that if it should not be decided any other way, appropriation proceedings should be begun in the probate court and allow a jury to settle the dispute.

The land, which lies two miles south of Columbiana, is owned by Annie Flickinger, Orrie F. Maxwell, Velman F. Moore, Herbert C. Moore and Irma Flickinger. The trustees issued the bonds of the township in the sum of $40,000 with which to build the school.

The jurors drawn to fix the compensation for the land are W. J. Donnelly, T. J. Richardson, J. E. Tullis, J. T. Kennedy, George Bradbury, D. H. Frew, M. T. Nace, J. F. Adams, C. W. Husten, Carl Turner, Charles Robbins and L. H. Trunick, all of Lisbon.

PREPARING PRIZES FOR BIG MARDI GRAS

Members of the special committee recently named by the Daisy club to arrange for its annual mardi gras celebration on Monday evening, November 1, in observance of Hallowe'en, are now busily at work, having begun their endeavors as soon as the Homecoming Harvest Festival was out of the way.

A long list of prize awards for those who participate in the fantastic parade of the evening is being solicited from the merchants and others, and it is expected that the committee will offer additional prizes for other features of the afternoon and evening program which have not yet been arranged. A meeting of the committee will probably be held Sunday to sum up results and make further plans.

EXAMINATION FOR TWO RURAL MAIL CARRIERS

The United States civil service commission has announced an examination for the county of Columbiana to be held at Lisbon and East Liverpool, on November 13, 1915, to fill the position of rural carrier at Kensington and Wellsville, and vacancies that may later occur on rural routes from other post offices in the above mentioned county.

NEW COURT ORDER BENEFITS GRAND AND PETIT JURORS

Lisbon, Oct. 15.—Judge Moore has issued an order which will be of financial benefit to the grand and petit jurors of this county and which will be appreciated by those called to act in that capacity in the future.

There has never been any provision in this county to pay expenses of members of the grand and petit juries except on their first appearance, and from now on all expenses to and from the court, when called to or excused from duty, shall be paid by the clerk of courts.

The order, as issued by the court, is as follows: The clerk of the court is hereby directed and ordered to pay grand and petit jurors as follows: In addition to the regular fee of two dollars per day and mileage of first appearance, the per diem fee for each day or portion of day necessarily used in travel to enable him to be present at the time ordered by the court, throughout the term, whether that day be Sunday or any other day of the week, or necessarily used in reaching his home after being excused by the court, and should any juror be excused before the end of the week to appear at later date he shall receive mileage from his home to the court house on his return, whether the day of his return be Sunday or any other day of the week.

REDUCE BOND OF STEEL COMPANY'S RECEIVER

Lisbon, Oct. 15.—That the matters in litigation connected with the Leetonia Steel Company have all been about adjusted, is shown by the fact that when court opened this morning, Judge Moore on motion reduced the bond of the receiver to $500. It was shown to the court that the total amount of assets now in the hands of the receiver, or to hereafter to come into his hands, will not exceed $200, making a big bond unnecessary.

COW TEST ASSOCIATION ORGANIZED AT CANFIELD

The work of organizing a cow test association in the vicinity of Canfield was gotten well under way Thursday evening at a meeting in the town hall there, attended by interested dairymen in that section and by R. B. Thompson, S. N. Van Blaricom and W. H. Boone, of this city, representing the Salem and Winona Cow Test associations.

The attendance was small, but seven dairymen signed up as members, and 19 others can easily be secured later, it is believed, to make the quota of 26 needed for the association.

Members of the British parliament can not be arrested for debt during session or for 40 days before or after.

PRESIDENT'S DEFENSE PLAN IS COMPLETED

Approves Navy Program for an Expenditure of $500,000,000.

FIVE-YEAR PROGRAM

Two Dreadnaughts and Two Battle Cruisers the First Year.

(By Associated Press to News.)

Washington, Oct. 15.—The administration's national defense plan, calling for an expenditure of four hundred million dollars, was completed today. Secretary Garrison forwarded his estimates already approved by the President and Secretary Daniels submitted his estimates this afternoon, after a conference with the President this morning. They will probably announce the navy estimate tomorrow and the army estimates Monday.

(By Associated Press to News.)

Washington, Oct. 15—The President today approved Secretary Daniels' recommendation for a five-year construction program for the navy costing five hundred million dollars. The exact amount to be appropriated each of the five years is undecided, but the first year's program calls for two dreadnaughts and two battle cruisers.

SALEM DENTISTS AT YOUNGSTOWN MEETING

Drs. G. J. Hawkins, E. E. Dyball, L. W. Atkinson and J. B. Atchison, local dentists, attended during the day and evening Thursday, in the Hotel Ohio at Youngstown, the fall meeting of the Corydon Palmer Dental society, comprising dentists of Columbiana, Mahoning and Trumbull counties.

Dr. Dyball discussed the subject, "Replacing Fillings Without Removing the Bridge," and a host of other topics of special interest to the profession were discussed during the morning, afternoon and evening sessions by leaders in dental work. At 6 o'clock the 150 mebers in attendance enjoyed a banquet at the hotel. A distinguished visitor was Dr. E. C. Mills, of Columbus, president of the Ohio Dental society.

Officers chosen at this time are: President, Dr. Nixon, Youngstown; vice president, Dr. Brown, Wellsville; secretary, George Moore, Girard; treasurer, J. K. Nash, Youngstown.

EMPLOYERS REJECT TERMS OF POTTERS

East Liverpool, Oct. 15.—The National Brotherhood of Operative Potters, through its president, Edward Menge, announces the brotherhood would take no official notice of the threatened strike of kiln firemen in the general ware potteries of East Liverpool, Wellsville, Chester and Newell.

The demands of the firemen, asking among other things $4 a day were received by Charles F. Goodwin, secretary of the United States Potters' association, who decided to pay no attention to them, as the association recently signed a two-year wage scale with the brotherhood, of which the firemen were then members.

Meantime, the firemen declare they will tie up the potteries with their 5,000 workers unless their demands are granted by Monday morning.

Will Show Film On White Plague

A special film which has been secured by the health officer and the Salem Council of Social Agencies from the state board of health, dealing with the "great white plague," tuberculosis, and intended, it is understood, to arouse interest in the statewide anti-tuberculosis campaign and in the purchase of Red Cross seals to provide funds for the work, will be shown at the Grand Opera House Friday evening, Manager Kerr having granted the request of the local organization for its production. The thousand feet of film tell an interesting story and deal with many phases of the state work.

SAFETY, NOT MILITARISM.

A wave of patriotic ferver is spreading over this country as a result of the exposure made in the public press as regards our national weakness in matters of defense.

No sane American citizen will want to see his country exposed to attack from some powerful foreign country. Today such an attack could only result in disaster to us, because of our utter lack of means of self defense.

Congress should take prompt measures to insure our immunity from attack from abroad, but it should be done in such a manner as not to impose the burdens of militarism upon the country. The details should be carefully worked out by experts in that line, instead of by some politician who has one eye on the national defense and the other upon the voters in his home district.

From a purely economic standpoint, it is cheaper by far to take measures to prevent a war, than it is to fight one after it comes.

GROCERS NOT TO BLAME.

Grocers and butchers were defended by a speaker at the Ohio Retail Grocers convention in Columbus, who denied their responsibility for the high cost of living.

"The high cost of living is not due to the grocer and the butcher, as many calamity howlers would have us believe," he said. "The doctor, the lawyer, the plumber and all those in other occupations get their profits, and sometimes it is exhorbitant, but we don't hear them berated by the public."

The grocer and the butcher seem to be the "goats." But they have no more to do with the high cost of living than the calamity howler himself.

It was a signal honor that came to E. H. Campbell, of Salem, when he was selected by the bankers of Ohio to investigate the advisability of locating a large cattle feeding ranch in Florida. Mr. Campbell is known throughout the state as a man of wide experience and sound judgment in dairying and cattle raising.

The Horse

(By Walt Mason.)

The horse is sliding off the map, his friends at last admit it; he'll hang around awhile, mayhap, but soon he'll have to quit it. For things propelled by gasoline increase each day in numbers, and Dobbin leaves this earthly scene for his eternal slumbers. When autos drove him from the pave of hustling towns and cities, we said, "He's found his urban grave, which is a thousand pities; but on the farms he'll have a place, till farms are frozen over; along the furrows there he'll chase and fill himself with clover." But now, alas, he doesn't rank with agriculture's factors; the farmer draws upon the bank and buys some big steel tractors; and one of these will haul six plows, as through a field it lumbers; and horses see it as they browse, and know they are back numbers. They're shipping now our foaming steeds across the briny water for Europe needs them where she bleeds and wades around in slaughter To turn them to the butchers loose—that plan no one indorses; but it's about the only use that's left, just now, for horses.

W. C. T. U. MAPS CAMPAIGN TO GET DRY AMENDMENT

Seattle, Wash., Oct. 15.—Fifteen resolutions setting forth recommendations for the constitutional prohibition campaign about to be undertaken were adopted by the national convention of the Women's Christian Temperance Union.

The recommendations were for observance of Dec. 2 as a day of prayer for national constitutional prohibition; for special prayer in churches on Sunday, Dec. 5 for the Sixty-fourth Congress which will meet the following day, so that the members may vote properly on prohibition; for a mass meeting for prohibition in Washington Dec. 12; for local unions' mass meetings the same day; for all speakers of the organization to present arguments for prohibition and emphasize the relative of women's ballot to the restriction of the liquor traffic.

A resolution was passed requesting Congress to pass a law excluding from the mails going into dry territory all newspapers and magazines that contain liquor advertisements.

Miss Anna Adams Gordon of Evanston, Ill., president of the union, was re-elected as were numerous other officers.

WILL SOON BEGIN OPERATIONS AT NEW EXPERIMENT FARM

Director Charles E. Thorne, of the state agricultural bureau's main experimental station at Wooster; D. G. Williams, chief agronomist of the same station, and C. W. Montgomery with D. W. Galehouse, county agent and general superintendent of Mahoning county's experimental farm, spent Wednesday on the ground, making plans for beginning operations there. The deeds for the place have finally been perfected and will be turned over in a few days by J. Calvin Ewing, the former owner, and work of preparation for the operations of next year will begin at once.

The first thing done will be tiling 15 acres opposite the Canfield fair grounds, which will be ditched with a tractor ditcher, now being repaired, and it will then be laid out in plots containing one-tenth of one acre each. These will be used for the planting of various forms of grain, corn, beans and other agricultural crops.

No buildings will be erected for some time, but two of the three houses on the farm will be repaired and several others torn down. The barns are in good condition and will need no change.

John Follweiler, of Cornersburg, has been appointed foreman of the farm, and he will have a force of men at work within a day or two. It is proposed to try out mechanical power on the work, rather than horses, but sufficient stock will be kept for all needs. There is natural gas on the farm and it is in use at a number of neighboring places, but no effort will be made for the present to drill wells for his fuel, although it will be sought later.

Mr. Galehouse has taken up his residence on the place and will remain there during the winter, looking after the operations. There is much work to be done preliminary to the actual beginning of experimental growing, and the plans in that direction are still rather immature. It has been decided, however, to have a "curiosity garden" close to the highway and near the buildings, where all sorts of curious and unusual vegetables and grains will be grown. Part of the farm is admirably adapted to orchard work and probably trees will be set out on part of this during the present season.

The officials have only $12,000 available at this time for preparations and therefore they will have to proceed with caution.

GRAND OPENING

—OF—

Salem City Market House

Oct. 16, at 8 A. M.

We are pleased to state to the public that we have made all arrangements and secured a sufficient number of live wide-awake merchants and producers in this vicinity to show you and prove to you that we can solve the high cost of living.

Mr. or Mrs. Provider or Dependent we are living in an age of co-operation, and co-operation in marketing means economy in selling; economy in selling means economy in buying, which is the only and real way of beating the high cost of living, which millions of people in this country and the world over are striving to solve and provide a remedy for.

Listen to the remedy and definition:

CO-OPERATION

UP-TO-DATE PRODUCTION
DIRECT MARKETING
ECONOMICAL HANDLING
MARKETING IN AN INEXPENSIVE WAY
SELLING FOR CASH

CO-OPERATION

We have worked this out by our experience in the market house business and can prove it to the people of Salem. Come, bring your basket, and do your own selecting of the first choice of Fresh Vegetables, Fruits, Meats, Sausage, Lard, Cheese, Butter, Eggs, Oysters, Poultry, Fish, Teas, Coffee, Spices, Baked Goods, etc. Last but not least, after you get home get a pencil and paper and figure how much you have saved.

Hoping to meet you all and get acquainted with you in the future.

Respectfully yours,

J. A. Morrison & Co., Mgrs.

CAUGHT UNDER FALL OF SLATE, FOOT CRUSHED

While at work in the Sterling coal mine west of Salineville at 3:30 o'clock Wednesday afternoon, William Ludlaw, 24, was caught beneath a fall of slate and coal, sustaining a mashed foot, a fractured right toe and painful bruises about the shoulder and body. His cries were heard by Charles Goddard who was at work nearby and dug him from his perilous position.

Ludlaw was assisted to the outside of the mine, where a physician from Salineville was called and dressed his injuries.

COFFEE WHIPS UP AND CONSUMES RESERVE ENERGY

Investigators Declare Continued Use of Coffee Works Disaster To Nervous System.

"Does the daily use of coffee as a beverage, continued for a series of years, do harm?"

"Yes," says Dr. W. A. Evans in the Chicago Tribune. "A horse cannot be whipped daily for years without being harmed. A man cannot be nagged continuously for years without being harmed. The very fact that, when fatigue is slowing down muscles and brain cells, coffee will whip them on, and that under the stimulus of coffee the working capacity is unduly excited, is proof that harm will come if the process is kept up for a series of years."

"Fatigue is a danger signal," adds another investigator. "It means that the weary body should immediately seek rest. Caffeine in any form puts a mask on this signal, and temporarily conceals it by whipping up the reserve forces and then consuming them.

"Fatigue is like a red light that calls attention to a ditch in the dark. Nobody with common sense would assume for a minute that by putting out the light the ditch would be removed. Yet that is exactly what weary people do when they disguise their weariness for an hour by resorting to stimulants."

NOTE—It is interesting to observe that as medical science more and more reveals the harmfulness of coffee to the health of both old and young there follows a tremendous increase in the use of the pure food beverage POSTUM.

Come all you Maccabees. Don't forget the date, 18th. 243r

TELLS HOW DUPLICATION CASES ARE DEALT WITH

Salem, Ohio.

Dear Sister Mary:—I appreciate your trouble because we in Salem labored with the same problems. People formerly saw only the relief side, and if they did realize that the moral situation in the family was wrong they did not know how to rectify it. Or, if they knew how, they were afraid to interfere in such a delicate situation. Our trained agent has been taught how to handle such matters, nicely, but firmly, becaust all our officials are backing her. You see, often times, a citizen can not command the attention of the city officials, like an organization can. We feel that we have accomplished a great deal in having this support, because they know what our organization is doing, from personal contact and we have their heartiest co-operation.

Now, how to deal with a family, where the relief is being duplicated. Go to all the churches and lodges, and show them that they are injuring the family. Because, so long as people will take care of them, the parents will use their money for drink (this refers to the family you spoke of in your last letter.) Have these organizations agree to give their relief through you. Then tell the parents that they will have to stop drinking and support their family. Tell of how the law can come in and take their children from them. If they cannot earn enough to properly care for their children, then assistance can be given, but make every effort to have the parents carry their own burden. You may have many new situations arise in this family, which only a trained worker can deal with, because you must study human nature, and it is seldom alike. That, my dear, is why volunteers so often fail. They have not had the experience to understand what action is needed.

This winter, we are going to try to broaden our work by a "Welfare House" which is going to satisfy many needs of the people of Salem. If the people help us, it is a thing of the present, if not, it will have to wait. I will tell you about it in my next letter. Lovingly, KATE.

Yes, the 18th is Maccabee night. 243r

An Announcement Party.

At a charmingly arranged dinner party given by Misses Inez Yengling and Blanche Kyle at the home of the former on West Ninth street Thursda evening, announcement was made of the approaching marriage of Miss Effie Doyle and Floyd Young, which will be an event of the near future.

The table arranged for ten guests, girls employed in the office of the W. H. Mullins company, was made beautiful with yellow chrysanthemums and yellow shaded sandles. Yellow and white tones were combined in the appointments.

After dinner the bride-elect was given an agreeable surprise in the nature of a miscellaneous shower, consisting of many pretty gifts.

Miss Doyle is the daughter of Mr. and Mrs. C. P. Doyle, Wilson street, and until recently has been employed at the W. H. Mullins company office. Mr. Young is employed by the Salem Electric Light & Power Company.

OLD AND NEW WAY TO TREAT CATARRH

Breathing a Germ Killing Air Endorsed by Actual Results.

The discovery of Hyomei has wrought a wonderful change in the treatment of catarrh.

Prior to three years ago the medicines ordinarily employed in the cure of this disease were drugs, sprays, lotions, etc. In some instances they benefited, but the improvement was not lasting.

With Hyomei you take into the air passages of your throat and head a balsmic air that goes into the minutest cells, and should effecually kill all germs and microbes of catarrh. Its purpose is to enter the blood with the oxygen, killing the germs in the blood, and restore health to the whole system. Many astonishing testimonials have been received from those who have been helped by Hyomei.

A complete outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks' treatment.

Perhaps the strongest evidence that can be given to doubters, is the fact that Bolger & French sell every package under a positive guarantee to refund the money if it does not relieve.

Carefully Treat Children's Colds

Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors.

Plenty of fresh air in the bedroom and a good application of Vick's "Vap-O-Rub" Salve over the throat and chest at the first sign of trouble, will keep the little chaps free from colds without injuring their digestions. 25c, 50c, or $1.00.

TURNER'S RULINGS OF MUCH INTEREST

Columbus, Oct. 15.—Among the legal rulings made Thursday by Attorney General Edward E. Turner are the following:

The mechanics' lien law does not apply to the construction of state buildings.

Under the Cacc highway law township trustees acting through the township highway superintendent, have authority to purchase materials for road construction to be used in repair of township roads.

Under the Cass highway law town of township trustees to maintain and keep in repair a township road laid out by the trustees and which extends from a dwelling place to another public road.

No part of juvenile court funds are available for payment of expenses of juvenile court judges to the state board of charities conference at Dayton next month.

On the ballot for township officers the election boards are required to provide as many blank spaces as there are officers to be elected for each position so that voters may disregard the nominations already made and write in the names of candidates.

TO ASK STATE TO CURB EMPLOYE EXAMINATIONS

Mansfield, Oct. 15.—Declaring that unless state restrictions were put on employers relative to physical examinations, which they hold will throw out of employment men who are fitted for some classes of work, delegates to the thirty-second Ohio State Federation of Labor, in session here, passed resolutions calling for an effort on the part of the federation to bring the question before the state industrial commission. Fred C. Croxton, chief mediator of the commission, in an address lauded the work of the commission.

At a caucus of the resolution committee, a resolution to do away with an official representative at the American Federation of Labor convention to be held in San Francisco next year was tabled.

Four wet resolutions were introduced. They will be reported on later.

FRAIL, SICKLY CHILD

Father Tells How Boy Was Restored to Health and Strength.

We have always told the people of Salem that Vinol is a wonderful body builder for ailing children. Here is more proof of the fact:

J. L. Albury, of Miami, Fla., says: "Our little boy was puny and cross from the time he was born, and we hardly knew how to handle him. When he was three years old he was weak and so cross we could hardly live with him, and we could not get him to eat anything. A friend asked us to try Vinol. We did so and you should see the change it made in him. He is now a good-natured, healthy youngster, ready to eat at any time, and we cannot praise Vinol enough."

Vinol is especially efficient in building up puny, weak, ailing children, because of the real cod liver extractives, peptonate of iron and beef peptone which it contains, and as it is without oil or grease children love to take it. Frank F. Trimble, druggist, Salem, Ohio.

Victim of Epilepsy.

Lisbon, Oct. 15.—Sheriff Crawford went to Kensington this morning for the purpose of bringing Charles Gamble, a 16-year-old youth, who is a victim of epilepsy, to the jail here in order that arrangements may be made to have him committed to the state hospital for those similarly afflicted. The unfortunate young man was committed to the institution once before and was benefited so that he was allowed to come home. Recently however, the malady has returned, and it was thought best to have him returned to this institution.

CALL OFF TRIP TO THE PACIFIC COAST; DIVIDE SERIES CASH

Philadelphia, Oct. 15.—The proposed trip to the Pacific coast of the world's champion Red Sox and the Philadelphia National league pennant winners was declared off by Robert B. McRoy, representing the national baseball commission.

Inability to come to an agreement on a financial arrangement is the cause for the abandonment of the trip.

At a meeting of the presidents of the two clubs the members of the national commission and William Lang, representing Pacific Coast interests, held in Boston on Tuesday, it was agreed that the teams should make the trip. At the time it was expected there would be no hitch over finances, and Mr. McRoy was appointed to represent the national commission on the journey.

Thursday at a meeting of the Philadelphia players, at which they were given their share of the world's series money, all consented to join the party with the exception of Pitcher Chalmers and Outfielder Whitted, who had other plans. Mr. McRoy then called up President Lannin of the Boston Americans on the telephone and was informed by the Red Sox president that the world's champions decided not to make the trip unless they were given a guarantee and expenses. As the national commission representative could not give this he called the trip off, to the great disappointment of the Philadelphia players.

The tentative plan for the trip west called for games at Chicago, Omaha, Denver and Salt Lake City. Requests for a game at Dubuque, Ia., and at Kansas City also had been received. Ten thousand dollars was guaranteed for a game at Kansas City.

The Philadelphia players' share of the world's series money was divided into twenty-four parts and each of the twenty-three men eligible to participate in the series was given a check for $2,492.23. The twenty-fourth share was divided into three parts, one of which went to Pitcher Oeschger, who rejoined the Phillies in September, and the other two parts were divided among Mike Dee, the trainer, and several others.

MIAMI NOW WORKING FOR MT. UNION GAME

Miami is now working for the Mount game. The big Oxford eleven does not play Saturday and it will be surprising if several of the Miamites are not on the field Saturday sizing up what they believe to be the only team between them and the Ohio title.

Can Wesleyan down Reserve Saturday? Having decisively trimmed Denison it would seen that Dixon's men could put the crimp in Reserve, but Wesleyan has always been an in-and-out team. Will it prove different this year?

E. LIVERPOOL MARINES EXPECT HARD GAME HERE

East Liverpool, Oct. 15.—The West End Marines football team held practice Thursday night at West End park in readiness for their game Sunday afternoon with the strong Salem team at Salem. The local team will leave here at 9:10 o'clock Sunday morning.

The Salem Independents this year are conceded to be very fast and will no doubt give to the locals a hard battle. Several new players will be given a tryout Sunday. This is one of the hardest games on the locals' schedule.

Judges of Ability.

One of the significant features connected with the harvest home festival may be summed up in the following event, and may serve as a momentum of interest to those, who, in the future may serve as a committee to choose others as judges for the various articles placed under their supervision, and therefore eliminate the present custom now in vogue.

A certain lady who was very ambitious to enter as one of the competitors for first prize given on pies, had the misfortune to cast her lot with those of the condemned in this way.

A certain store-keeper who was receiving this exhibit, thoughtlessly, but not carelessly, upon closing Friday evening, left the store in charge of the cats, as well the exhibit entrusted to his care.

Upon entering Saturday morning the clerks were confronted with an aspect which greeted their eyes with dismay, as the cats had sampled the edibles for a midnight lunch, and now, all that was left to be done was to check up the pies, and affix the tag to the one deserving the prize. Upon the arrival of the proprietor, there were some hasty thoughts, and one of the first prevailing was to hasten to the barber shop for a close hair cut and a shave (all for fear—?)

Then upon the arrival of the judges they too were surprised at the generous help they had received, which also shortened their labor by half an hour. But as the judges did not agree with the cats, the tags were placed on the pies which had a more wholesome appearance; therefore the lady at issue was compelled to share her fate with the rest; resolved that if the decision had been left to the cats, she too may have been rewarded with one of the prizes. Now as for the cats, most everyone knows, has a very acute sense of taste as to who is the best cook, and as a general thing does not wait to sample all set before them, but with this finer sensibility, they are able to select the best the first time, leaving the seconds for the last.

Now if the judges of the future were selected from the feline species, instead of the feminine of humanity, an advantage might be gained by turning these judges loose at night to help themselves; then in the morning all that would be necessary is to place the tags on the pies thus sampled, and thereby expedite the work by several hours; also it would have a soothing effect upon the nervous temperament of those competitors who must of necessity await the decision of the judges.

This method we believe to be the more satisfactory; for the judges of ability who eat for three straight hours without intermission are liable to some extent, check the keen sense of the order of alimentiveness, thus unqualifying them for the arduous task set before them.

We presume the committee of the future will take note of this, and therefore avert the disappointment of a pie loser.

JESSE SHISLER.

I. AND R. FRIENDS HIT STABILITY MEASURE

Columbus, Oct. 15.—Unlooked for opposition has arisen against the initiated constitutional amendment proposed by the Stability league. The fight started bids fair to add largely to the interest of the closing days of the campaign.

When the Stability league came into state politics last summer, it brought out an amendment to the constitution that provides no proposed amendment to the constitution, twice defeated since 1912, could be again resubmitted for a period of six years.

The league announced the movement was designed to protect the initiative and referendum provisions of the constitution. That started trouble.

Supporters of the initiative investigated and decided such a provision would largely nullify the direct legislative provisions. They formed a state organization and all over the state their speakers are lambasting the proposed change with vigor.

The Stability league amendment was drawn to prevent recurrent submissions of the amendment for state wide prohibition. It is admittedly the organization of the liberals.

Early denials of that fact have ceased and liberals are openly admitting parentage of the proposed change. Not only that, but they are fighting with earnestness to put it over at the November election.

S. S. S. Greatest Blood Remedy Gives Resu ts When Others Fail

Nature's Remedy for Blood Troubles.

The purifying and curative properties of Nature's great remedy have made "S. S. S. for the Blood" a household saying. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier. S. S. S. is made entirely from roots, herbs and barks, which possess cleansing and healing ingredients. You cannot be well when your blood is impure; you lack strength and energy natural with health; your complexion becomes pale and sallow; your vitality is weakened. When waste or refuse matter, which Nature intends shall be thrown off, is left in the system, it is absorbed into the blood and boils, pimples, rashes, blotches and other eruptions of the skin appear.

S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character. All skin diseases and eruptions pass away, and the smooth clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, all are deep-seated blood disorders, and for their treatment nothing equals S. S. S. Get S. S. S. at any drug store. If yours is a peculiar case write S. S. S. Co., Atlanta, Ga.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

WHAT IS URIC ACID?

THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Becauseof its over-abundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "An-uric," which will throw out and completely eradicate this uric acid from the system. "An-uric" is 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. for a pamphlet on "An-uric," and send 10 cents for a trial package of "An-uric" Tablets.

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to Bolger & French and ask for Doctor Pierce's "An-uric" Tablets.

Dr. Pierce's reputation is back of this medicine and you know that his "Pleasant Pellets" for the liver and his "Favorite Prescription" for the ills of women have had a splendid reputation for the past 50 years.—Adv.

Inspect Mahoning Roads.

Canton, Oct. 15.—Macadam and concrete roads in Mahoning and Trumbull counties were inspected Tuesday by County Commissioners Leonard and Ake with a view to securing data on which to base the decision as to the kind of material to use in improving the Cairo-Hartville road. The petitioners on this road have asked for concrete and it will cost the county the same to pave it with concrete or macadem.

The commissioners said that they found the bituminous macadam roads to be holding up under wear better than the concrete roads, in many of which large cracks were found after a year's use. They also looked over some brick roads.

Shot in Quarrel, May Die.

East Liverpool, Oct. 15.—Albert Hill, colored, shot by Ralph Wooley, white, during a quarrel in front of the latter's home on July 30, was removed to his home in Jethro Wednesday afternoon in the police motor ambulance-patrol. Hill, according to the hospital officials, is in a critical condition and his recovery at the present time seems doubtful. Wooley is under indictment by the grand jury.

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."—Miss AMELIA JAQUILLARD, 3961 Tehoupitoulas St., New Orleans, La.

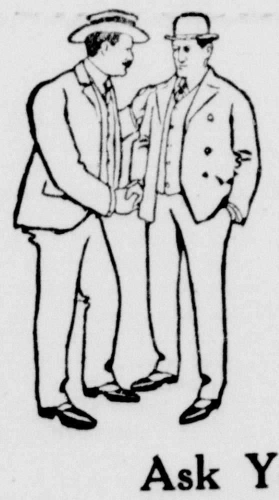
St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."—Miss ESTELLA MAGUIRE, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Feel Played Out?

That's a pretty good sign of stomach and digestive disorders. Half our ills are traceable to this same cause. How unnecessary to suffer even a slight indisposition, when it is so easy to get relief through that clever little tablet.



Pepsinco, the Stomach Doctor

a compound of the digestive elements necessary to take care of the food as it enters the stomach. Pepsinco digests the food, that's all it's good for—but—when the food is digested, when the stomach is satisfied—all ailments cease. Neuro Pharmacal Company, Wapakoneta, Ohio.

AGED ALLIANCE MAN IS FOUND DEAD IN SUBWAY

Alliance, Oct. 15.—Jerry D. Lozier, nonogenarian of this city who was chiefly famous for his claim to the discovery of a process for welding steel and iron with copper, brass and other metals, fell to his death sometime Wednesday night or early Thursday morning, his body having been found at the foot of a 30-foot trench on the Arch avenue subway excavation. It is thought that he may have stepped aside to avoid being struck by a train and so fell over the edge of the declivity.

Lozier was well known here and in this vicinity through his activities as an itinerant scissor and knife sharpener, while in former years he was a shoemaker. On various occasions he declared that he had found a secret welding process, which he endeavored to sell without avail, and stated that the formula would be found sealed in an envelope among his effects after his death. Two sons and a daughter are the surviving relatives.

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, Headachy, Sick, for Sour Stomach Bad Breath, Bad Colds.

Get a 10-cent box.

Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

TIFFIN GETS 1916 MASONIC MEETING

Toledo, Oct. 15.—The seventy-third conclave of the Ohio Knights Templars ended at noon Thursday. The 1916 conclave will be held in Tiffin Oct. 11 and 12.

Because it is national encampment year, only a formal business session will be held, without parade or social functions.

By reason of the promotion system all officers were Thursday moved up one point. The only new official is B. Frank Murphy of Steubenville, O., chosen grand warder, the lowest state office. Deputy Grand Commander Robert T. Whitaker, Defiance, became grand commander.

Rev. George P. Atwater, Akron, was reappointed grand prelate. La Fayette Lyttle, Toledo, was re-elected grand treasurer and John N. Bell, Dayton, was re-elected grand recorder. Riley W. Wortman, Defiance, was appointed grand captain of the guards, succeeding George S. McGuire, Marion.

Other officers for 1916 are:

Deputy grand commander, George H. Knight, Springfield; grand generalissimo, William B. Baldwin, Medina; grand captain general, Michael L. Finnell, Osborne; grand senior warden, Jacob H. Bromwell, Cincinnati; grand junior warden, Thomas J. Jones, Cleveland; grand standard bearer, Daniel E. Jones, Toledo; grand sword bearer, F. Oscar Schoendinger, Columbus.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double its Beauty in a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

Deposits of potash have been found in two Spanish provinces that promise to yield large returns when developed.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentanel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unsightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentanel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentanel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "sentanel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sentanel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membraneous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentanel tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

DEATHS

Mrs. Rebecca Chamberlain.

East Palestine, Oct. 15.—One of the best known of East Palestine's older residents passed away in the death Thursday of Mrs. Rebecca Catherine Chamberlain, aged 76, after a year's illness from complications.

She was the last member of the Matthew Elder family, one of the pioneer families of this section, deceased having been the youngest of 12 children of Matthew and Mary Elder, who were residents of Lisbon for many years.

Mrs. Chamberlain was their youngest daughter, and Calvin F. Chamberlain, whom she married in 1866, was a son of Dr. and Mrs. Robert Chamberlain, one of East Palestine's first families.

Five children were born to the union, four of whom survive: Forb, Horace, Nan R., and Mrs. W. A. Winter, all of East Palestine. R. A. Augustine, of Salem, is a nephew of the deceased.

Mr. and Mrs. Chamberlain lived on a farm north of town until the former's death in 1879, when he was killed by a train at what is now the Ohio China crossing, just east of the village. His widow then removed to the late home here.

For many years she was a member of the United Presbyterian church, but she was first connected with a congregation of "The Seceders," a sect later incorporated in the United Presbyterian church. The funeral service will be held Saturday.

Joseph Smith.

After an illness of several months from valvular heart trouble, death ended the sufferings of Joseph Smith, who had he lived until November 13, would have been 21 years old, at the home of his parents, Mr. and Mrs. W. E. Smith, North Howard street, at 3:20 o'clock Friday morning.

Deceased was born in Salem and received his education in the public schools here. He had been employed at the W. H. Mullins company plant at one time but for the past two years had been employed in the country.

His parents and six brothers and three sisters survive as follows: Cessna and John Smith, Pueblo, Col., who are on their way home; Harry, Ralph, Paul, William and Isabelle, Dorothy and Louisa, all at home.

Funeral service will be held Sunday afternoon at 2 o'clock at the late home, 297 North Howard street, in charge of Rev. Frank Albus, rector of the Episcopal church. Interment will be in Hope cemetery.

Jesse Nold.

Relatives in this vicinity have received word of the death of Jesse Nold, aged about 54, which occurred at his home in Omaha, Neb., where he had been proprietor of a hotel for a number of years.

Mr. Nold was born on a farm on the Lisbon road in the vicinity of Shelton's grove and spent his early life there. He was the son of the late Samuel and Lavina Nold. His mother, with the following brothers, survive: Lemuel Nold, who resides on the home farm near Shelton's grove; Alpheus Nold, of near Pittsburg, and Archie Nold, of Pasadena, Cal. He never married. The remains will be brought to the home of Lemuel Nold and funeral arrangements will be announced later. Mrs. Joseph Calladine and Mrs. W. G. Aldom, of this city, are nieces.

Mrs. Kate Adams.

Lisbon, Oct. 15.—Mrs. Kate Adams, wife of George C. Adams, Wayne township, died Wednesday at the family home near West Beaver church after an illness of one week from a nervous breakdown. The deceased was about 55 years old and one of the best known women of the township. She is survived by her husband, two daughters and one son, Mrs. Carl Hiscox, Miss Helen and Wilbur at home. One sister, Mrs. James Green, near Columbiana, also survives. The funeral was held at West Beaver church at 11 o'clock Friday forenoon.

Andrew Gunter.

Word has reached relatives here of the death of Andrew Gunter, aged about 38, which occurred Thursday, October 7, at his home in Santa Fe, N. M., following an illness from tuculosis. He is survived by his wife, who was formerly Mrs. Bertha Mendenhall, of this city.

MESSAGES TELL OF TWO DEATHS IN THE FAMILY

Mr. and Mrs. Abraham Stratton and their son's wife and children, of Philadelphia, Pa., who have been visiting relatives at Winona for the past week, received a telegram Thursday morning of the death of a relative and on that same day before they started for their home received another telegram telling of the death of another relative.
